- Per fissare le maniglie alla porta selezionate le posizioni «B» e inserite la vite.
- To fix the handle to the door, insert the screws at the places marked "B"
- Para fijar la manija a la puerta, seleccione las posiciones «B» e inserte el tornillo.

IT - Per garantire maggiore stabilità dell'armadio su superfici irregolari, utilizzare le viti di regolazione poste sotto i piedi anteriori.

EN - For optimum stability on uneven surfaces, regulate the cupboard using the screws under the front feet.

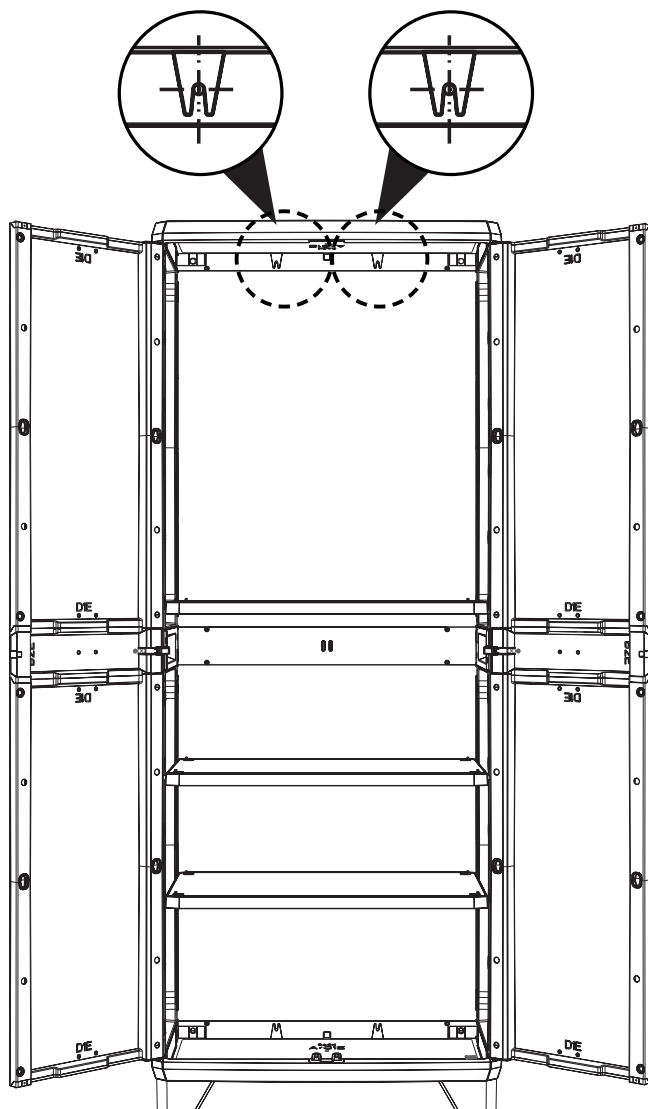

ES - Utilice los tornillos de regulación (situados bajo los pies delanteros) para asegurar una mayor estabilidad del armario.

IT - Fissare l'armadio a muro (viti e tasselli non inclusi).

EN - Fasten the cupboard to the wall (screws and anchors not included).

ES - Fije el armario en la pared (la dotación no incluye tornillos y tacos).

IT - A montaggio ultimato possono avanzare alcune piccole parti, queste possono essere smaltite perchè non sono necessarie .

EN - After assembly is completed there may be extra small parts, you may dispose of these as they are not needed.

ES - Finalizado el montaje, pueden sobrar algunas piezas, puede disponer de ellas pues no son necesarias.

IT - La garanzia decorre dalla data di consegna al consumatore finale, nei termini e per il periodo stabilito dalla legge. Per conoscere il periodo di garanzia e specifiche condizioni applicabili al tuo Paese di acquisto, ti preghiamo di contattare il venditore. Per usufruire della garanzia è necessario aver conservato la prova di acquisto con data. Danni o malfunzionamenti causati da utilizzo non corretto, uso inappropriato, uso di forza, negligenza o montaggio non seguito in conformità con il manuale d'istruzioni provocano la decadenza della garanzia. I danni provocati da una errata conservazione del prodotto o dei materiali contenuti all'interno del prodotto, che ne deformino la struttura stessa, provocano la decadenza della garanzia.

Avvertenze per l'uso:

- ✓ Conservare il manuale d'uso per referenze future in prossimità del prodotto.
- ✓ Il produttore non è responsabile per danni causati agli oggetti riposti all'interno del prodotto.
- ✓ Si consiglia di posizionare il prodotto su una superficie piana.
- ✓ Non adatto per la conservazione di prodotti soggetti ad usura dovuta a variazioni della temperatura ambientale.
- ✓ Non conservare all'interno del prodotto oggetti caldi quali, ad esempio, lampade per saldature, ferri da stiro, ecc.
- ✓ Non adatto per la conservazione di sostanze infiammabili o corrosive.
- ✓ Non adatto per conservare alimenti.
- ✓ Non incidere o perforare il prodotto se non dove indicato.
- ✓ Si raccomanda di chiudere e bloccare le porte con un lucchetto (non incluso). La presenza del lucchetto può aiutare a prevenire eventuali danni provocati dal vento.
- ✓ Temperatura di esercizio: da -5°C a +40°C.
- ✓ Lavare il prodotto con una soluzione detergente non aggressiva, per non provocare danni alle superfici plastiche. Non utilizzare spazzole dure o detersivi abrasivi.
- ✓ Il prodotto non è un giocattolo: tenere lontano dalla portata dei bambini durante l'uso ed il montaggio. Attenzione: rischio sovraccaldamento.
- ✓ Non rinchiusere animali all'interno del prodotto.
- ✓ Al termine dell'installazione, smaltire l'imballaggio secondo la normativa vigente.
- ✓ La capacità di carico indicata deve essere rispettata. Peso equamente distribuito.
- ✓ A fine vita del prodotto: smaltire il prodotto secondo la normativa vigente.

EN - The guarantee period begins on the date of delivery to the end consumer, within the terms and for the period established by law. To find out the warranty period and specific conditions applicable to your country of purchase, please contact the seller. In order to benefit from the guarantee, you must have kept the dated proof of purchase. Damage or malfunction caused by misuse, inappropriate use, use of force, negligence, or assembly not carried out in accordance with this instruction manual will void the warranty. Damages caused by incorrect storage of the product, or of the materials contained in the product, resulting in warping of the structure, invalidate the guarantee.

Warnings for use:

- ✓ The manufacturer is not responsible for damage caused by objects placed in the product.
- ✓ The product should be positioned on a flat surface.
- ✓ Not suitable for storing products subject to damage caused by variations in ambient temperature.
- ✓ Do not store hot objects in the product, such as welding

lamps, irons, etc.

- ✓ Not suitable for storing flammable or corrosive substances.
- ✓ Not suitable for storing foods.
- ✓ Do not cut or perforate the product.
- ✓ You are recommended to close and lock the doors with a padlock (not included).
- ✓ A padlock can help prevent possible wind damage.
- ✓ Working temperature: from -5°C to +40°C.
- ✓ Wash the product with mild detergent to avoid damaging the plastic surfaces. Do not use stiff brushes or abrasive detergents.
- ✓ The product is not a toy. Keep out of reach of children.
- ✓ Important: danger of suffocation.
- ✓ Do not shut animals inside the product.
- ✓ After installation, dispose of the packaging in accordance with current legislation.
- ✓ At the end of its useful life, dispose of the product in accordance with current legislation.
- ✓ The loading capacity indicated needs to be respected. Weight equally distributed
- ✓ Keep the instructions

ES - La garantía comienza en la fecha de entrega al consumidor final, en los términos y por el periodo establecido por la ley. Para conocer el periodo de garantía y las condiciones específicas aplicables a tu país de compra, ponte en contacto con el vendedor. Para hacer uso de la garantía, será necesario conservar el comprobante de la compra con la fecha. Los daños o los fallos causados por una utilización incorrecta, un uso indebido, el uso de la fuerza, una negligencia o un montaje que no se haya realizado según el manual de instrucciones anulan la garantía. Los daños causados por la conservación inapropiada del producto o de los materiales que se guarden dentro del producto y que deformen su estructura anulan la garantía.

Advertencias de uso:

- ✓ El fabricante no es responsable por los daños causados a los objetos guardados dentro del producto.
- ✓ Se aconseja situar el producto sobre una superficie plana.
- ✓ No es apto para guardar productos sujetos al deterioro causado por variaciones de la temperatura ambiente.
- ✓ No conserve objetos calientes, como por ejemplo, lámparas de soldar, planchas, etc. dentro del producto.
- ✓ No es apto para guardar sustancias inflamables o corrosivas.
- ✓ No es apto para guardar alimentos.
- ✓ No corte o perforo el producto.
- ✓ Se recomienda cerrar y bloquear las puertas con un candado (no incluido).
- ✓ Un candado puede impedir los daños provocados por el viento.
- ✓ Temperatura de uso: de - 5 °C a + 40 °C.
- ✓ Lave el producto con una solución detergente no agresiva para no causar daños a las superficies de plástico. No use cepillos duros o detergentes abrasivos.
- ✓ El producto no es un juguete: ha de mantenerlo fuera del alcance de los niños. Atención: riesgo de asfixia.
- ✓ No encierre animales dentro del producto.
- ✓ Al final de la instalación, respete la normativa vigente para eliminar el embalaje.
- ✓ Al final de la vida del producto: respete la normativa vigente para eliminar el producto.
- ✓ Los datos de carga se refieren a una carga distribuida uniformemente.
- ✓ Guarde el manual de uso.
